# WHO WE ARE

NO TWO SPACES ARE ALIKE.

We are a team of experienced architects, interior designers and skilled artisans who are well conversant in carrying out all types of interior service related works. X-Axis firmly believes that homes and spaces should reflect who you are. Our design transforms simple work environment into beautiful spaces that enhances the working culture and agility of the people working/living in the space, making it more comfortable and adaptable to their daily lives. It's a fact that the spaces we work in dictate the quality of our work. That's why, whenever we sign up a new client, we engage in a vigorous research and study the world-wide trends to come up with both classic and new-age innovations.

Over the last 10 years, we have been assisting clients with a vast range of projects, be it Commercial, Residential or a Retail Space.

# WHAT WE DO

YOU NAME IT. WE'LL MAKE IT.

Our multi-disciplinary design consultancy have touched the following industry:

- Commercial Spaces
- Retail Spaces
- Residential Spaces
- Hospitality Spaces
- Healthcare
- Finance & Banking
- IT

# SCOPE OF WORK

## SPACES DESIGNED TO PERFORM.

We offer a gamut of technical solutions for spaces that make them perform better, smoother and quicker.

- Networking Coverage
- Electrical Solutions
- Central Air-conditioning (HVAC)
- Modular Furniture
- Plumbing Solutions
- Partition & False Ceiling

# HOW WE DO IT

## PROCESS FIRST. FINESSE LATER.

We believe what's planned well ends well. Our research and accumulation of materials follow a fixed work-flow that helps us design the best spaces.

## WORK FLOW

CUSTOMER MEET

CONCEPT DESIGN

VISUALISE DESIGN TO CLIENT

ESTIMATION AND AGREEMENT

PROJECT IMPLEMENTATION  
IN AGREED TIME FRAME

WORK COMPLETION & HANDOVER

# THE METHOD

THE SMALL STEPS THAT ADD UP TO A MILE.

Our work methodology involves standard procedures that help us work better, smarter and faster.

## INTERIOR DESIGN

**THE MEETING & SITE VISIT**  
Dreams, lifestyles, location, characteristics

**OBJECTIVES**  
Needs & Budget

**PREPARE & RESEARCH**  
Inspiration

**CONCEPT**  
Sketches & Colour Palettes

**CONCEPT REFINEMENT**

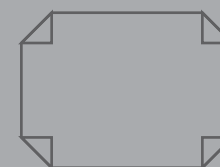

**INSTALLATION**

# SPACE VISUALIZATION

FIRST WE IMAGINE. THEN WE EXECUTE.

Our approach to any space is to first gather as much related research material as we can, followed by collating all possible design approaches we can come up with, developing a visual aid through rendered visualisations of intended spaces, and finally, creating enough concepts for approval process.

## OUR APPROACH

### PLAN

- Research
- Observe
- Understand
- Analyse

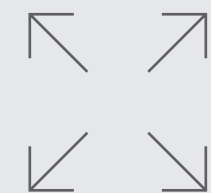

### DESIGN

- Use Cases
- Business Processes
- Wireframes
- Design Concepts

### DEVELOP

- Design Handover
- Communicate
- Monitor
- Visual Design

### DEPLOY

- Usability Testing
- Verification
- Design Quality Check
- Approval

# DESIGN APPROACH

BLOWING LIFE INTO IDEAS

This stage starts post-approval.  
All physical components are  
figures at tis stage, starting from  
Interior Architecture to Fittings,  
furnishings and equipment.

- IA**  
Custom Cabinetry  
Custom Millwork  
Windows + Doors  
Construction Drawings  
Court Reg/Permits  
Decorative Hardware  
Fixtures + Fittings

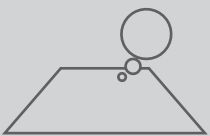

- FF+E**  
(fixtures, furnishings+ equipment)  
  
Materials + Finishes  
Paint Colours  
Fabrics  
Flooring  
Walls  
Window Treatment

PROGRAM

Vision/Theme  
Goals  
Objectives

SPACE PLAN
